

THACO BUS

IVECO DAILY PLUS PREMIUM

12 SEATER

Mini Bus IVECO Daily Plus is the first product equipped with **Swing Door** system, creating comfort for passengers getting on and off the bus.
Large side windows for passengers outside viewing.

Chrome grille with spoke profile for optimal engine heat dissipation efficiency.

Headlight cluster with integrated LED Daylight for enhanced aesthetics and safety operation.

Fog lights with chrome cover and LED Daylight.

One-piece rear light cluster.

Cockpit space with simple design and centralized control panel for easy operation.

Driver seat
6-way adjustment, ensuring driver visibility and comfortable.

Nodding steering wheel with 4-way adjustment.

Smart key features remote control.

Entertainment system with Android screen.

Angle controllable headlight switch.

LUXURIOUS AND COMFORTABLE PASSENGER COMPARTMENT.
Premium leather seats, optimizing seat allocation, ensuring the comfortable.

LED lighting system.

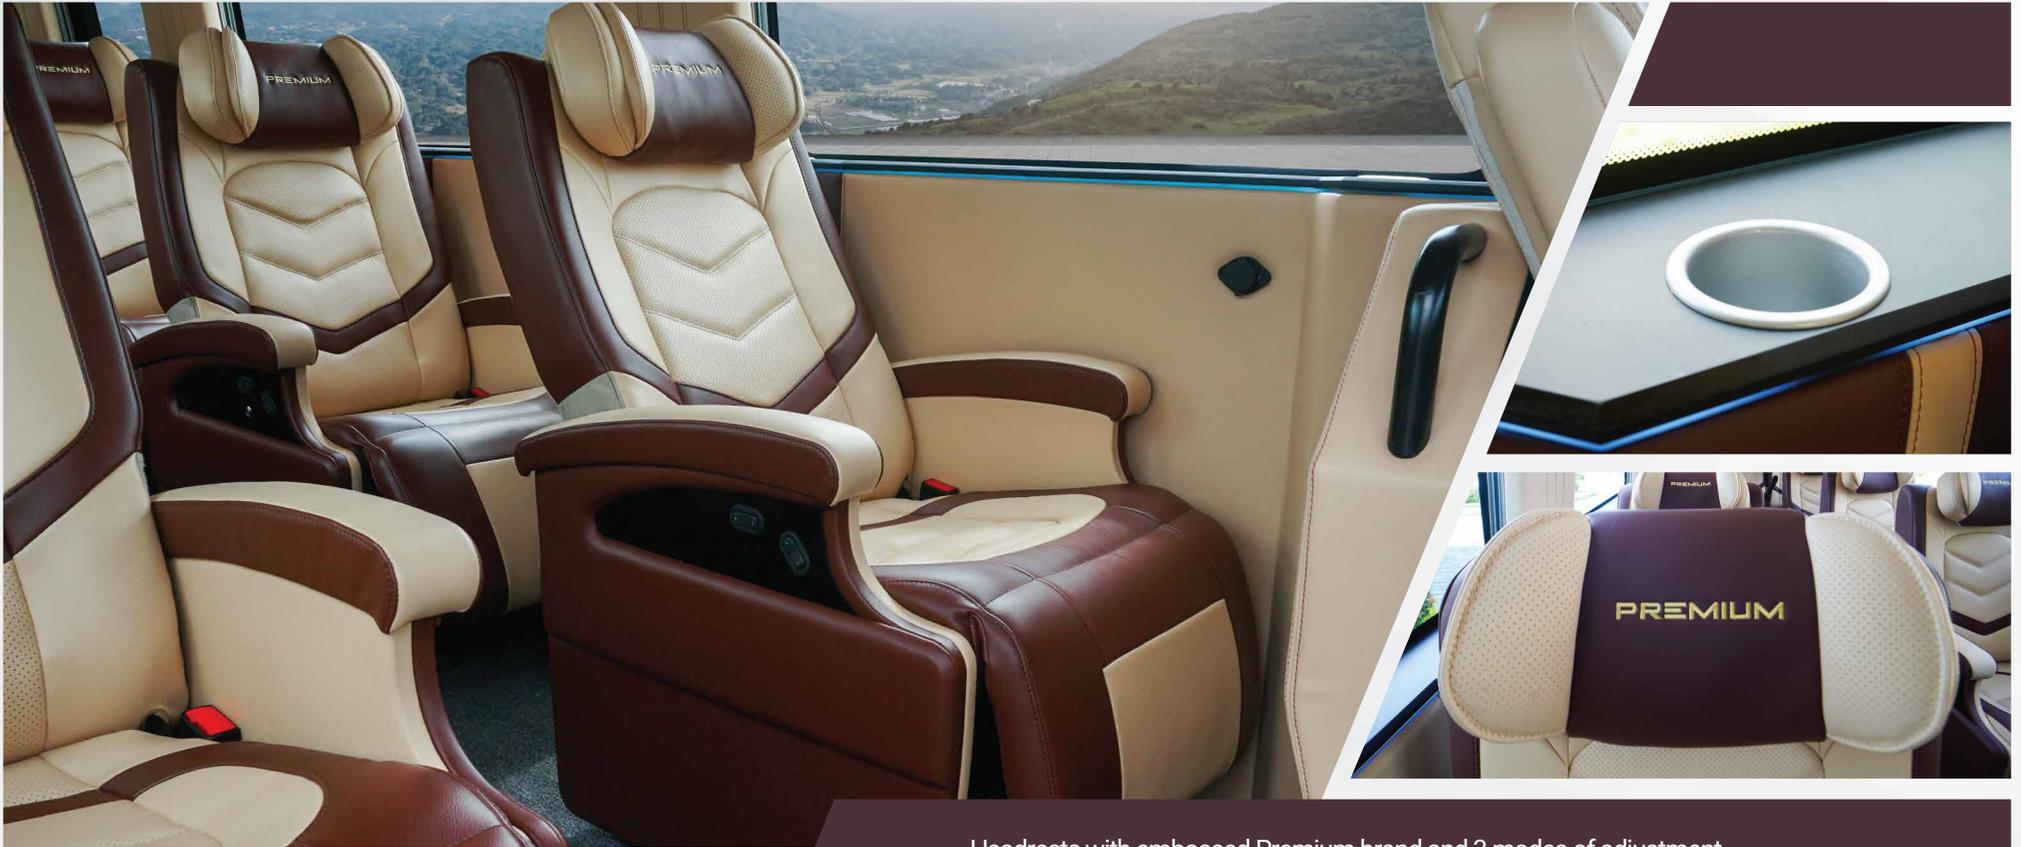

LCD 21 inches.

Sunshades color tone fitting with luxury interior.

Moonlight make elegance in interior space.

Headrests with embossed Premium brand and 3 modes of adjustment.

USB charging port.

Electrically adjustable seat recline and footrest.

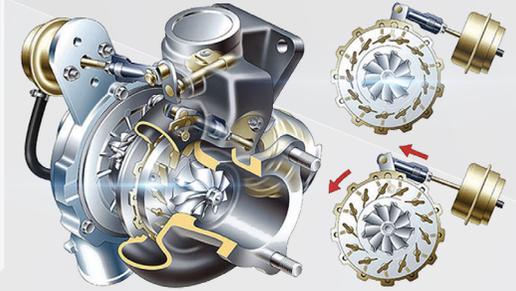

Seat back storage bag.

FPT ENGINE (FIAT POWERTRAIN)

The reputable Italian brand, widely used on high-end product lines, modern after-treatment system Euro 5 - European quality standard.

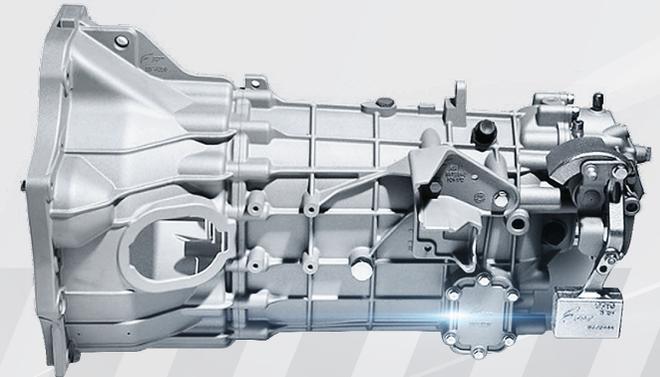

The engine integrated with electronically controlled gas pressure system - eVGT (Electronically Controlled Geometry Turbocharger) and electronically controlled fuel injection system CRDi (Common Rail System), which increasing engine power, providing large torque at low engine speed, ensuring the strong operation, durability, fuel saving & environmentally friendly.

FPT GEAR BOX (FIAT POWERTRAIN)

Italian brand, with high-grade aluminum alloy structure to optimize weight, high heat dissipation efficiency and durability.

The gear ratio is reasonably designed, ensuring smooth gearshift operations and fuel-efficient. High transmission efficiency, increase operating efficiency.

Operation mode **ECO/POWER**.

Color

SAFETY FEATURES

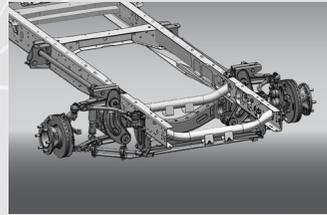

ANTI-LOCK BRAKING SYSTEM

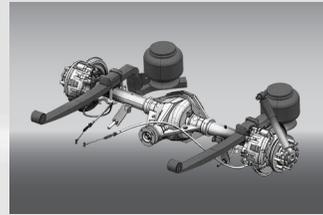

ELECTRONIC BRAKE-FORCE DISTRIBUTION

The air bellows height can be adjusted, increases flexibility when moving.

Front suspension
Torsion bar, stable, increase load capacity.

Rear suspension
Air bellows stabilizer with hydraulic shock absorbers and stabilizer bar.

Powered rear mirrors with heated function, ensuring visibility during tough operation condition.

Airbag.

Reversing sensors.

Rear twin tires, ensuring the safety.

Fully equipped with **disc brake**.

Overhead reversing camera.

Specification	Unit	IVECO DAILY PLUS PREMIUM (12 Seater)
Dimension		
Wheelbase	mm	3.950
Overall Dimension (D x R x C)	mm	7.080 x 2.060 x 2.650
Front/Rear Tread	mm	1.725 / 1.538
Ceiling height	mm	1.860
Moving path	mm	350
Ground clearance	mm	190
Weight		
Curb weight	kg	3.190
Gross vehicle weight	kg	4.710
Seats		12
Engine		
Model		FIAT POWERTRAIN F1C
Type		Diesel engine, I4, water-cooling, common rail fuel system.
Displacement	cc	2.998
Bore x Stroke	mm	95.8 x 104
Max Power/rpm	Ps / rpm	146 / 3.500
Max Moment/rpm	Nm / rpm	370 / 1.400 - 2.800
Powertrain		
Clutch		01 disc, dry friction, mechanical operation, hydraulic assist.
Gearbox		FIAT POWERTRAIN FPT2840.6 (6-speed)
Gear ratio		i1=5.375; i2=3.154; i3=2.041; i4=1.365; i5=1.000; i6= 0.791; R= 4.838
Final ratio		3.615
Steering system		
		Rack and pinion type, hydraulic operation
Braking system (Front/Rear)		
		Disc brake/Disc brake, hydraulic operation, vacuum booster assistance with ABS/EBD
Suspension system		
Front		Independent, lateral leaf spring, hydraulic absorbers.
Rear		Dependent, air bellow, hydraulic absorbers.
Tires		
Front/Rear		Front : Single 195/75R16 Rear: Twin tires 195/75R16
Others		
Turing circle	m	7.2
Top speed	km/h	130
Fuel tank	L	100
